## Family Tree Project

by Hayden H.

Students have recently been discovering their heredity, and they are interested in what they have learned. I interviewed a student who has done the project. Here is what she had to say...

Samantha C.:

Q: How did you feel about the project?

A: "It was very boring and it was too much work."

Q: Did you like putting it together?

A: "Yes, I like art."

Q: Did you feel comfortable presenting it?

A: No, it was awkward having people stare at me. while I was doing it."

## Dear Abby is Back!

by Austin B. & Tyson D.

Abby is back and she's ready to help! Dear Abby is an advice column, created in 1956, by Paul Phillips. All you have to do is write your questions on a slip of paper and submit them to Abby's "Advice Box". They will be answered through The Seahawk View Newspaper, but don't worry, your submissions are anonymous. We will be putting Abby's "Advice Box" in the office. So send us your burning questions ASAP!
